If yes, describe all such political activities indicating, among other things, the relations, interests or policies to be influenced together with the means to be employed to achieve this purpose.

I have been repeatedly asked by teachers, librarians, government agencies, etc., to supply them with publications from North Vietnam, as I have been supplying publications from the People's Republic of China since 1960. The extent of my intention is the setting up of a service to provide them on their orders with the publications requested; it is not possible in a commercial relationship to determine what influence this material may have on sections of the public or officials of Government.
